

JUNIOR VARSITY SENIOR

BIO

Junior Varsity Senior is an alternative rock band from Detroit Michigan with a raucous blend of '90s alternative bite, power pop hooks, and a synth-rock sheen. This quartet of musicians channels the raw energy and DIY ethos of early punk, while their catchy melodies and poignant songwriting convey a bitter-sweet, almost nostalgic nod to the alternative songs of the '90s. With gritty, garage-band authenticity, they layer melodic synths over distorted power chords, creating infectious anthems for the next generation of Motor City natives. Combining electrifying live performances and musical hooks that ring in your ear long after the show, Junior Varsity Senior aims to draw you into their sonic world of music that honors the past while also looking to the future.
